Career Objective

Motivated Computer Engineering student with a strong foundation in Object-Oriented Programming, Database Fundamentals, and Machine Learning. Seeking to leverage skills in full-stack web development and problem-solving to contribute effectively to a growth-oriented organization while continuously learning and enhancing technical expertise.

Skills

Programming Languages: C, Java, Python

Front-End: HTML, CSS, JavaScript

Databases: SQL

Core Concepts: OOP, DBMS, Machine Learning

Projects

Diabetes Prediction Using Machine Learning | Python, Flask

- Built a machine learning-based application to predict diabetes risk using key health parameters.
- Designed a user-friendly web interface to collect inputs such as age, BMI, glucose levels, and blood pressure.
- Implemented model training and prediction using Scikit-learn and deployed the application using Flask.

Lost & Found Finder | Front-End Web Application

- Built a web application to report and search lost or found items with detailed descriptions and images.
- Integrated real-time search functionality and a *Mark Returned* feature for efficient item tracking.
- Used browser-based storage to eliminate backend dependency and simplify deployment.

Internship

Full Stack Web Development Intern — Tap Academy

Ongoing

- Developing full-stack web applications using modern front-end and back-end technologies.
- Working with HTML, CSS, JavaScript, and backend fundamentals to build dynamic features.
- Gaining hands-on experience in end-to-end application development, debugging, and coding best practices.
- Collaborating in a team-based learning environment to understand real-world development workflows.

Achievements

- Secured **First Prize** in Project Expo at JNTUA College of Engineering, Pulivendula (PHASOR-2K24).
- Selected participant in **EduSkills Tech Camp on Google AI & ML**, gaining hands-on exposure to real-world AI/ML tools.

Education

Chaitanya Bharathi Institute of Technology, Proddatur

2022 – 2026

Bachelor of Technology in Computer Engineering

CGPA: 8.7

Sree Geetham Girls Junior College, Proddatur

2020 – 2022

Intermediate (M.P.C)

Score: 928 / 1000
